The Best Tobacco Made

Emphatic Statement by an Eminent Authority-Pipe-smokers, Read what John G. Capers Has to Say

"When I was Commissioner of Internal Revenue under Presidents Roosevelt's and Taft's Administrations, I had a great deal to do with tobacco. In the collection of millions of dollars of tax I came intimately into contact with the whole business. Tuxedo I consider the best tobacco made. I smoke it myself and find it soothing and restful, mild, fragrant and non-irritating to the

Mr. Smoker, that's evidence straight from an authority that Tuxedo is the top-notch smoke of

them all. The tobacco that a famous Internal Revenue Commissioner chooses for his own smoke because he considers it the best tobacco made.

And remember this, men: - that's picking Tuxedo from a mighty big field; for between you and us and the account sheet, the Government collects \$100,000,000 a year in revenues from tobaccos.

Mr. Capers is now a prominent and successful practising lawyer in Washington, D. C., and we are glad to

Tuxedo's great list of friends. It's the same old story everywhere Tuxedo is tried: Quality tells.

Don't quarrel with your pipe and don't quarrel with your tongue. Take your tobacco troubles to good old Tuxedol

Your pipe'll be sweet and your tongue'll be sound 'f you smoke Tuxedo. Tuxedo can't bite or blister. That's all taken out by the famous "Tuxedo Process"—the original process which the other brands like so well that they try to imitate it.

And you'll find the Internal Revenue Commissioner absolutely right as to Tuxedo's quality.

Try Tuxedo for a week, and you'll know why Mr. Capers and thousands of other distinguished smokers say that it is "the best

tobacco made.'
